The lighthouse on Laysan Island was blown down recently. The structure was between seventy and eighty feet high and was situated about the centre of the island. Consequently a recent strong gale toppled it over.

Common Sense

Should be used in attempting to cure that very disagreeable disease, catarrh. As catarrh originates in impurities in the blood, local applications can do no permanent good. Hood's Pills cure constipation by restoring peristaltic action of the alimentary canal.
